

## EMPLOYMENT

**Full Stack .NET Developer**

**MSC Technology**

**Jul 2018 – Present**

- Good experience with core web technologies such as ASP.Net core, C#.Net, SQL Server, React JS, HTML5, CSS3, Restful Web Services, Entity Framework, MVC, AJAX, JavaScript, JSON.
- Used C#, .NET core, multi-threading to implement classes and methods for business logic.
- Developing user interface as per the business requirement by using React JS, JavaScript, HTML5 and CSS3.
- Working with single page application React JS components, Forms, Events, Keys, Router and Flux concept.
- Maximized application efficiency, data quality, scope, operability, and flexibility by using good Algorithms and Data Structures. Strong debugging, problem solving and investigative skills.
- Used multithreading concepts in great detail to run multiple threads concurrently to improve performance of the application. Experience with and managing Restful API calls.
- Used JSON web token to do user authentication and secure information exchange.
- Excellent experience in OOPS and Design Patterns like Singleton, Repository, etc. & UML.
- Strong experience in creating and consuming RESTful API and Web API Services.
- Experience with SQL Server and RDMS systems. SQL queries, functions, stored procedures, triggers, and views.
- Knowledge of deploying and implementing cloud solutions using Microsoft Azure and Azure Devops.
- Working with high end versioning tools like TFS, GIT for code deployment.
- Providing resolution for complex issues that are arising in TEST and PROD environments.
- Agile SDLC - enjoy high pace team environment with strong, self-driven, SDLC disciplines.
- Experience with client calls, scrum meetings and bug tracking, issue tracking using Jira.

## EDUCATION

**Chennai, India**

- Bachelor of Engineering (B.E), Computer Science (C.S.E), Velammal engineering college.

## PERSONAL PROJECTS

- **E-Commerce Application (In progress):** Web application by using .Net core, React and SQL. [Refer](#).

## ACHIEVEMENTS

- World 177<sup>th</sup> rank in C# from [TECHGIG](#)
- World number 1 rank in the SQL from [Hacker Rank](#).
- JavaScript Certification from [Hacker Rank](#)

## TECHNICAL SKILLS

- **Client Side:** JavaScript, React JS, ES6/7, HTML5, CSS3.
- **Server Side:** C#, .Net Core, MVC, ASP.Net, Win forms, Entity Framework, LINQ, Rest API / Web API.
- **Solution Optimization:** Excellent experience with Algorithms, Data Structures.
- **Databases:** RDBMS, SQL Server.
- **Tools:** Visual Studio, SSMS, Visual Studio Code
- **Cloud:** Microsoft Azure, Azure Devops.
